***Allowable Subject Matter***

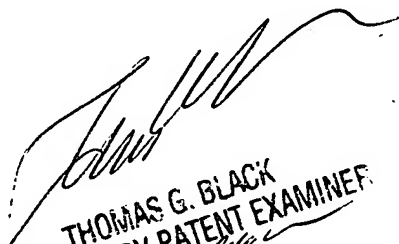

1. Claims 1-24 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose defining a planned trailer uncoupling area; and automatically determining that the trailer has been uncoupled outside said planned uncoupling area. The prior art does disclose notifying a central station each time a trailer has been uncoupled but does not define a planned uncoupling area. The prior art also has an alarm being sent when a trailer is opened outside of a planned area, but there is not disclosure of the alarm being sent for uncoupling and there is no motivation in the prior art to render it obvious to define a planned uncoupling area.
